

What is a NEW BARNWOOD™ Blend?

Blends are unique design creations created by mixing combinations and proportions of the 8 core colors of NEW BARNWOOD™ to achieve each look.

Create Your Own Look!

At NEW BARNWOOD™ we want you to get exactly the look that you want for your design style. Don't see a blend you like, feel free to create your own blend from the 8 core colors and we will do the rest.

Matching Colors

NEW BARNWOOD™ Square Edge barnwood is available in the same 8 core colors as NEW BARNWOOD™ Shiplap barnwood and is often used as a matching trim to create a premium rustic finished look to your project.

1x8 – 8' Square Edge Utility Options

NEW BARNWOOD™ Square edge boards are finished on both edges and can be ripped to the desired width as a great utility option for various applications:

Picture frame accent walls

Trim at the ceiling for a clean finish

Beam wraps

Use as matching base & casing

Term shiplap on an open-end wall

Window jamb extensions

Tip: Add to any qualifying shiplap order for less than \$20 per board.

Rip to desired width and use as base and wall trim.

Mountain Blend Shown

As the same thickness as the 8" Premium Shiplap, rip to desired width to term shiplap on an open-end wall.

Modern Blend Shown
