Why choose Luxury Cedar Barnwood Siding over traditional old reclaimed barnwood?	
Water Resistant	Protected with zero VOC water resistant finish.
Rot Resistant	Cedar Shiplap Siding is a great choice if you're looking for a beautiful, durable siding. Our Cedar Siding is naturally resistant to rot, decay, and insect attacks.
Ease of Install	Installs in half the time of old reclaimed wood.
Quality	New material, modern made unlike old reclaimed wood.
Authenticity	Looks as authentic as old reclaimed barnwood.
Safety	Free of toxins and bugs that could potentially cause harm to the building & occupants.
Peace of Mind	Backed by a 5-year limited warranty.

All end cuts must be stained to avoid voiding 5-year limited warrant.
 Luxury Cedar Barnwood Siding is made to order. Please allow 4-6 weeks for delivery.

The beauty of natural wood lies in the fact that no two trees are identical. Variations in color and grain are naturally occurring characteristics of wood and may be enhanced by the application of stains. New Barnwood, LLC is not responsible for any materials bleeding sap, extractive bleeding, bowing, twisting, pitching, checking, and color change as these are natural characteristics of finished wood.
